Dear Resident,

Non Destructive Testing and Inspection Activities on Site

By agreement with the Local Planning Authority, Non Destructive Testing and Inspection Activities will continue until November 2014 under the same conditions as they have done for the past three months.

In order to minimise any potential impacts on our neighbours we will continue to implement considerate practices and procedures, including a Code of Conduct for all operatives which must be adhered to. Operatives are briefed about the activities taking place and reminded of the need to be considerate at all times.

Noise monitoring will continue to be conducted in line with an approved scheme as agreed with the Public Protection Service.

If you have an urgent enquiry during the testing period, our site security can be contacted on: 07805 684 516.

If you have any queries about this or other aspects of construction, please feel free to contact me.

Yours faithfully

A handwritten signature in black ink, appearing to read "J Ford", is written over a light grey rectangular background.
