Dear Resident,

Non Destructive Testing and Inspection Activities on Site

Further to my letter dated 23rd August 2013, we are now able to confirm that we have received approval from the Local Planning Authority to conduct Non Destructive Testing and Inspection Activities for a trial period of three months between the hours of 18:00 and 21:00, Monday to Friday and between 13:00 and 17:00 on Saturdays.

In order to minimise any potential impacts on our neighbours we will implement considerate practices and procedures, including a Code of Conduct for all operatives which must be adhered to. Operatives will be briefed about the activities taking place and reminded of the need to be considerate at all times.

Noise monitoring will be conducted in line with an approved scheme as agreed with the Public Protection Service. We anticipate that the first Testing and Inspection Activities will take place in the week commencing 30th September 2013.

Further details can be found on our website in the 'Links and Downloads' section of the SWDWP pages. If you do not have access to a computer or would like assistance in accessing the information, I would be more than happy to help.

If you have an urgent enquiry during the testing period, our site security can be contacted on: 07805 684 516.

If you have any queries about this or other aspects of construction, please feel free to contact me.

Yours faithfully

Jane Ford
Community Liaison Manager
