Dear Resident,

Non Destructive Testing and Inspection Activities on Site

The current three month trial period of Non Destructive Testing (NDT) on site is coming to an end. Throughout this period we have continued to monitor the activities and are able to demonstrate that they have not resulted in undue disturbance.

We have therefore applied to the Local Planning Authority for permission to continue conducting these activities for a further three months outside the approved working hours. We have requested permission to continue with NDT between 18:00 and 23:00, Monday to Friday and between 13:00 and 17:00 on Saturdays. There will be no testing on Sundays or Bank Holidays.

Our application and noise monitoring records are available to view on our website in the Links and Downloads section of the SWDWP pages. I will be pleased to respond to any questions about the inspection activities and can be contacted on the telephone numbers and e-mail address at the top of this letter.

If you would like to comment on the application, please contact Plymouth City Council's planning department.

Furthermore, if you experience any disturbance outside of normal site working hours, our security staff can be contacted on: 07805 684516. This will enable any enquiries to be investigated and dealt with immediately.

Yours faithfully

A handwritten signature in black ink, appearing to read 'J Ford', is written over a light grey circular stamp.

Jane Ford
