21 June 2010

Dear Mr Williams

MVV Umwelt
Energy from Waste Combined Heat and Power Facility, North Yard, Devonport
Plymouth Request for EIA Scoping Opinion

Further to our recent meetings and discussions we formally request, on behalf of our parent company MVV Umwelt GmbH, a Scoping Opinion for the above project under Regulation 10 of the Town and Country Planning (Environmental Impact Assessment) (England and Wales) Regulations 1999 (SI No 293) (as amended).

We enclose our EIA Scoping Report. The purposes of this report are to identify the land and describe the proposed development; to identify the potential environmental issues; to define what methods we propose to use to assess the environmental effects; to provide a basis for formal consultation; and in turn to obtain a Scoping Opinion from Plymouth City Council in order to formalise the above.

I would be grateful if you could copy any correspondence to Ian Roach of Scott Wilson whose e mail is: lan.Roach@scottwilson.com.

MVV Environment Limited, Registered Office: 1 Wood Street, London EC2 7WS

Directors: Paul Carey, Holger Franke

Scott Wilson's physical address is:

Scott Wilson
Mayflower House
Armada Way
Plymouth
Devon
PL1 1LD

We look forward to hearing from within the statutory five week period.

Yours sincerely

A handwritten signature in black ink, appearing to read 'P. Wormald', with a long, sweeping flourish extending upwards and to the right.

Paul Wormald
Planning and Estates Manager
