### CONFIRMATION OF MEETING HELD WITH MVV

Further to the recent meeting with Chris Cowley and Jo Lucas we are able to confirm the Career Transition Partnership (CTP) will undertake to develop a process, without commitment, to assist MVV Environment Devonport Ltd in provisioning suitable candidates for any suitable job opportunities from the Service Leaver community.

Similar to the support offered to its Key Employer Accounts the CTP will explore, without commitment, the most suitable Recruitment process model with MVV. This will include Search and Selection to Interview and any subsequent offers.

The CTP will market positions to all suitable available candidates in an agreed format with MVV Environment Devonport Ltd. The CTP offers independent advice and guidance to Service leavers and the final decision to apply for any role rests with the individual candidate. Therefore, the CTP offers no guarantee that any the position made available to the Service Leaver cohort by MVV via CTP will be filled.

The CTP offers a no cost recruitment solution and does not seek any fee for the promotion of vacancies or for the subsequent placement of Service leavers in to an organisation.
