

energetic Networker

MVV Umwelt GmbH, a wholly-owned subsidiary of MVV Energie AG, has more than 50 years of experience in operating decentralised waste disposal and energy generation plants. Our Group is one of the market leaders in the generation of energy from waste. In the UK we currently operate Energy from Waste Plants in Plymouth and Dundee and a Biomass Facility at Ridham Dock (Kent).

Work Placement and Internship Opportunities (Dundee)

If you are 15 years old and above, come and join MVV Environment Baldovie (MEB) on a work experience placement and take a bold first step towards your future career.

Become part of our team for one week or three months and get practical experience that will help you really stand out.

Whether you're at school, college or university, you'll find a work experience placement that fits your goals. Whichever option you choose, you'll have the chance to discover new skills, forge new connections and access expert guidance that will help you shape your career.

Join us for up to three months and discover what it's really like to work in an Energy from Waste facility.

We are looking for individuals passionate and interested in:

- Mechanical Engineering
- Electrical Engineering
- Chemical Engineering
- Electrical, Control & Instrumentation Engineering (EC&I)
- Health, Safety and Environment (HSE)
- Environmental Science

If you require further information please feel free to contact our Community Liaison Manager, Mimi Mwasame, mimi.mwasame@mvvuk.co.uk or Tel 07966 216041.

How to apply

Please visit the **Careers with MVV** section on our website www.mvvuk.co.uk and click apply on the work placement tab.

Please note due to the nature of our industry and working environment, we are unable to accept applications from individuals who are under 15 years old.

We inspire
with energy.
