

▶ **MVV to sponsor 'Clean the Creek!'**

MVV Environment Devonport Ltd is sponsoring a work party on 24 and 25 November to clear up the area of Blackies Wood and the Barne Brake Creek. Local organisations have volunteered to help in clearing away litter and fly tipping, which has been illegally dumped there, in order to improve the area used by the public.

Andy Smith, MVV's Director for Local Government Affairs, said:

'This is an initiative to clean up the area which unfortunately has been used as a dumping ground in the past. We are hoping to have about 30 or so people taking part and we already have volunteers from Groundwork, Network Rail and the Probation Service, plus members of our own staff of course.'

There are, however, a few places available for any interested local residents who wish to take part in this activity to improve the local environment. Work on both days will start at 9.30am. MVV will be providing lunch and refreshments. Places are limited so those interested in taking part should first register their interest by 5pm on Tuesday 22nd November, with MVV at info@mvvuk.co.uk, or call Andrew Smith on 07920 547026 for further information, and details of where to meet.

There will be a photo opportunity at 11am on 24 November. If you would like to cover the event, or for further information, please contact Harry Hudson on 07753 940880.

Plymouth 18th November 2011

MVV Environment Devonport Limited is an English registered company with its registered office in Plymouth. It is the subsidiary company of MVV Umwelt. Both companies are members of German utility company MVV Energie, whose headquarters are in Mannheim. MVV Umwelt provides flexible solutions for waste disposal, producing environmentally sustainable energy. In Germany, MVV Umwelt operates six Energy from Waste and biomass plants, managing 1.6 million tonnes of waste a year. With over 45 years' experience, MVV Umwelt is in the top three companies in Germany in its field.

For further information, please contact Harry Hudson at Green Issues Communiqué on 01189 839455/07753 940880 or email harry.hudson@greenissuescommunique.com.
